I Can't even think a words to match the way a feeling
I Don't even think a book can say enough for you
I can only try my best to put it in a song
I guess, you try to speak I know you tell the truth

If I could praise a smile another time together
Then we could make believe this world would never
end
-- the truth is gone So you stayed young while I get on
But always know, I'm your best friend

Nothing is the same everything is a better change
Sometimes I see silence in your eyes
Let it all crash down, waiting in deep against with you
I'm going to look every time you do

And I'm as scared as anybody who has done this
I would have given up but not defeat
You took my love, turned it a around, you put
My feet back on the ground, I owe you, eternally

Nothing is the same everything is a better change
Sometimes I see silence in your eyes
Let it all crash down, waiting in deep against with you
I'm going to look every time you do

I'm always
I'm always
I'm always here
I'm always
I'm always
I'm always here

Nothing is the same everything is a better change
Sometimes I see silence in your eyes
Let it all crash down, waiting in deep against with you
I'm going to look every time you do
