Get Comfortable
I'm about to turn you on
We 'bout to have one hell of a night tonight
I hope you're ready for me
Cuz ur body been callin me all night

(So baby when I walk through the door) You get so
excited
(And start to carry you up the stairs) Its driving you wild
(And then I start to take off your clothes) You already
know
That I'm yours
And you're mine for the night

So welcome to my bedroom baby
This love's gonna drive you crazy
You can scream if you want to baby
All night, all night, all night

I start inching towards you
While you're inching towards me
No clothes just holding each other tight, tonight
(tonight)
I start kissin' on you
Then we gonna go back and forth all night

(So baby when I walk through the door) You get so
excited
(And start to carry you up the stairs) Its driving you wild
(And then I start to take off your clothes) You already
know
That I'm yours
And you're mine for the night

So welcome to my bedroom baby
This love's gonna drive you crazy
You can scream if you want to baby
All night, all night, all night

(Welcome to my bedroom) Welcome to my bedroom
baby
(Welcome to my bedroom) There's enough room for

me and you
(Welcome to my bedroom) yeah
(Welcome to my bedroom) Welcome to my bedroom,
bedroom

(So baby when I walk through the door) You get so
excited
(And start to carry you up the stairs) Its driving you wild
(And then I start to take off your clothes) You already
know
That I'm yours
And you're mine for the night

So welcome to my bedroom baby
This love's gonna drive you crazy
You can scream if you want to baby
All night, all night, all night
