Tick tock, it's party o'clock
I'll meet you up in 45
We're dressed to kill
With nowhere to go
Ready for tonight

Hot boys, hot girls outta control
Late night, play fights, that's how we roll
Don't tell us to turn it down
Cause you're too old and we're too proud

It's a crazy feeling
I can't describe it
My heart starts beating
I just can't fight it

Dancing on the rooftops
Listening to punk rock
Singing woah oh oh oh
This world is mine
Rocking under spotlights,
Tearing down the street signs
Singing woah oh oh oh
16 and unstoppable
16 and unstoppable

So hot, I'm ready to rock
Cause you know the night's all mine, yeah
As the music pumps, let's trash this dump
We'll be lucky to leave alive

Hot boys, hot girls outta control
Won't leave until the speakers blow
Don't tell us to turn it down
If it's too loud then you're too old

Dancing on the rooftops
Listening to punk rock
Singing woah oh oh oh
This world is mine
Rocking under spotlights
Tearing down the street signs

Singing woah oh oh oh
16 and unstoppable

Hot boys, hot girls outta control
Late night, play fight, that's how we roll
Don't tell us to turn it down
I've never felt so alive

Sitting on the rooftops
Making out to punk rock
It's like woah oh oh oh

Dancing on the rooftops
Listening to punk rock
Singing woah oh oh oh
This world is mine
Rocking under spotlights
Tearing down the street signs
Singing woah oh oh oh
16 and unstoppable

Dancing on the rooftops
Listening to punk rock
Singing woah oh oh oh
16 and unstoppable
Rocking under spotlights
Knock and run on red lights
Singing woah oh oh oh
16 and unstoppable
