Hey, I'm over trying to hide these feelings
Hey, you could put your fears aside
Because he'll understand baby like I can
Let's not hold back anymore!

Chorus:

I can't help myself, I'll be your last mistake
There might be someone else, I want you anywhere
Throw all your cards into the wind
And open the door and let me in
I can't help myself,
Best make your best mistake

Hey, I think we had enough of waiting
What do you say we make up for our lost time
Yeah, so just come over, I pull you closer
Let's not hold back anymore!

Chorus:

I can't help myself, I'll be your last mistake
There might be someone else, I want you anywhere
Throw all your cards into the wind
And open the door and let me in
I can't help myself,
Best make your best mistake
I can't make myself, oh, oh
I can't make myself, oh, oh

We can run, we can run, we can run away
Baby come, baby come, baby come with me
Baby, just you and I, oh!
Take a chance, take a chance, take a chance tonight
Leave it all, leave it all behind
We only got one life, oh, oh!

Chorus:

I can't help myself, I'll be your last mistake
There might be someone else, I want you anywhere
Throw all your cards into the wind
And open the door and let me in
I can't help myself,
Best make your best mistake

I can't make myself, oh, oh
I can't make myself, oh, oh
