I open my eyes, to the wreckage all around me  
Look what you've done  
Don't know why, you left without a warning  
Just a hit and run

[Bridge]

Now I'm taking back all my love you stole  
Erasing you baby  
Gotta get my mind right,  
Gotta take control  
Before I go crazy

[Chorus]

You hit me like a hurricane  
You know you got me spinning round and round  
Apart you threw it all away  
And you try to take me down, down, down, down  
You thought you can make me, break me  
But I'm only stronger now  
Yeah, you hit me like a hurricane  
But you'll never take me down, down, down, down

I was lost, just caught up in the chaos  
I was far gone  
I see it now, there was nothing that could save us  
So I'm moving on

[Bridge]

Now I'm taking back all my love you stole  
Erasing you baby  
Gotta get my mind right,  
Gotta take control  
Before I go crazy

[Chorus]

You hit me like a hurricane  
You know you got me spinning round and round  
Apart you threw it all away  
And you try to take me down, down, down, down  
You thought you can make me, break me  
But I'm only stronger now  
Yeah, you hit me like a hurricane

But you'll never take me down, down, down, down

I'm over it, it's over too  
Cause the worst part of me I've left with you  
I don't want you back, don't care what you say  
All the wreckage that you left  
You know I threw it away,  
Oh, oooh,

Chorus]

You hit me like a hurricane  
You know you got me spinning round and round  
Apart you threw it all away  
And you try to take me down, down, down, down  
You thought you can make me, break me  
But I'm only stronger now  
Yeah, you hit me like a hurricane  
But you'll never take me down, down, down, down  
You hit me like a hurricane.
