"Lies"

Faster, faster, you won't go far
Shouldn't leave, feeling faith, we both know why
You got to show me, both knees, cold I lie
Hold me slowly, hide me till i can fly
Always we can sing, we can make time
Old songs, flood and flame, you could be mine
But you got to show me, both knees, skin and bone
Clothe me, throw me, move me - till

[Chorus]

I can sell you lies
You can't get enough
Make a true believer of
Anyone anyone anyone
I can call you up if I feel alone
I can feed your dirty mind
Like i know I know what you are

I call off cemetery swallowing signs [??? Icon of
symmetry, smoldering sides ???]
Fall down in front of me, follow my eyes
But I've got to see you moving, waste no time
Teach me, make me holy - till

I can sell you lies
You can't get enough
Make a true believer of
Anyone anyone anyone
I can call you up if I feel alone
I can feed your dirty mind
Like I know like, like I know, what you want

Anyone anyone anyone
Anyone anyone anyone
Like I know, like I know, what you want
Like I know, like I know, what you want

I can sell you lies
You can't get enough
Make a true believer of
Anyone anyone anyone
I can call you up if i feel alone

I can feed your dirty mind
Like I know, like I know, what you want
