Hello there,
By the corner,
As I pass you by for the last time,
Tell me do I look familiar,
Cos to me I can see that I've seen you before.

Hello there,
Do my shoes on the pavement,
Seem in place where they are,
Cos I used to be falling apart,
But now I'm back to the start.

It took me so long to realise,
It took me so long to see,
There's so much more out there,
A new harmony to my melody,
And the song goes on in my head,
And the song goes on in my head.

Hello there,
Could you spare me a moment,
As a matter of fact, throw your clock out the window,
And give me all your time,
Make you mine.

It took me so long to realise,
It took me so long to see,
There's so much more out there,
A new harmony to my melody,
And the song goes on in my head,
And the song goes on in my head.
It goes: oh baby, baby, baby, baby.
Oh baby, baby.

Can't stop thinking about you,
Can't get you outa my mind,
Your song is playing in my head,
Over and over again.

It took me so long to realise,
It took me so long to see,
There's so much more out there,

A new harmony to my melody,
Woah woah.

It took me so long to realise,
It took me so long to see,
There's so much more out there,
A new harmony to my melody,
And the song goes on in my head,
And the song goes on in my head.
It goes: oh baby, baby, baby, baby.
Oh baby, baby.

And the song goes on in my head,
And the song goes on in my head,
And the song goes on in my head, (oh baby, baby,
baby, baby)
And the song goes on in my head, (oh baby, baby,
baby, baby)
And the song goes on in my head, (oh baby, baby,
baby, baby)
And the song goes on in my head, (oh baby, baby,
baby, baby)
And the song goes on in my head, (oh baby, baby,
baby, baby)
And the song goes on in my head, (oh baby) baby now!
