You delivered your knockout blow
though no contact was made
Did you think in that head of yours
There was a dragon to be slayed

You dealt me your cheatin hand
And I went and took the bait
I believed all your fairy tales
Though quite a few I didn't rate

All trust has now broken down
Worse for wear and I'm smartin bad
Did you think I could be your fool
Looks like this little girl was had

I'm down but not yet counted out
I'm coming round
Got involved in a dirty bout
I'm coming round
My vision's blurred
And how these tears sting
I'm coming round
I never thought no man could bring
Me to hit the ground
I'm seeing stars
But one thing is clear
I'm coming round
I gotta get myself
Out of here
I'm coming round

Knocked for six
But I'm getting up
Pulling free from the snare
No one tell me "I told you so"
All I need is "Just beware"
We fall in love and we need to trust
And many times we'll get it wrong
But there's something I wanna say
It's never easy being strong
I'll keep my head down and out of aim
Lay it low for a while

And who knows maybe some day soon
You'll see this little girl smile

I'm down but not yet counted out
I'm coming round
Got involved in a dirty bout
I'm coming round
My vision's blurred
And how these tears sting
I'm coming round
I never thought no man could bring
Me to hit the ground
I'm seeing stars
But one thing is clear
I'm coming round
I gotta get myself
Out of here
I'm coming round

I'd like to make it all perfectly clear
I'm coming round.
