Come on cruel memories
if they're dare, i'm not afraid
don't look at me, weak grace
it's not about a love story

these bullets in my guns never lie
nightmare comes
nightmare comes through the night

these bullets know the false truth
dreams come true
dreams come true at liar nights

last breath, end of the line
violence level weakness
feel it, knife in a pocket
powerful body, eternal shine

sick mind and hole in the heart
sweet revenge for a bitter life
here is the time to lose this battle but win the war

regret this wrong obsession
here is the time to say good bye cruel memories
suffering sheep against the wolves

hard to find tell how much you worth
measure your soul at the balance of emotions

these bullets in my guns never lie
nightmare comes
nightmare comes through the night

these bullets know the false truth
dreams come true
dreams come true at liar nights

here is the time to seek memories and destroy them all
here is the time to change

here is the time to change
here is the time to say goodbye

here is the time to change
here is the time, here is the time

regret this wrong obsession
here is the time to say goodbye cruel memories
suffering sheep against the wolves

regret this wrong obsession
here is the time to say goodbye cruel memories
suffering sheep against the wolves
