"Ladies and gentleman we interrupt or program of dance music to bring you a special bulletin from the incontinental news."

The writing's on the wall, but no one cares at all
To convey the message that we wrote ourselves
Destroy the walls we mend and burn the candle at both ends

(I really think we are)
Becoming more mindless of the heart
(Becoming everything we hate)
Building our castles for the future
(A Trojan horse is at the gate)
Built by the enemy that we made

It's false sincerity, we hear celebrities
"Buy a hybrid if you can" with ten years of your food stamps

Caught myself listening to sheltered excuses for human beings

(So it becomes elite)
They separate then what have we got?
(Nothing in common with their wealth)
One clip can change public opinion
(One sin can send you straight to hell)
Learned how to lie and not get caught
More piss in the melting pot

Shut out majority with riches
(Their words become more valuable)
Then the voice of a million starving children
(That they have a million ways to solve)
Left freedom bleeding on the roadside,
We believe the biggest lie
