Just heard the news today, let yourself down once
again

Trusted your feelings in a place that no one goes
Will you do anything, to satisfy your so-called friend?
There's something you ought to know, before you
explode

All I want to do is make sure you stop chasing rainbows
Trusting those around you is an easy thing to do
I'm not saying don't believe in someone that you don't
know
Just don't go on thinking that the whole world tells the
truth

It's all fucked up, being reserved and quiet

She doesn't understand the message that you send
Don't give it all away somewhere, someday there's
someone
Who can replace that state of mind, you never give it
time (never)

All I want to do is make sure you stop chasing rainbows
Letting everybody crawl inside your heart and mine
Kicking you is easy when you're down that's where the
weak know
To release their anger on someone who will not try
To stand up, and give them a fight
