tehre was a time when you would come and go

now theres no time left to react

now that its starts to work tou there comes a bitter end

when you were all ready to leave my side but then

(chorus)

your comming to close

and i cant pretend

that ill pick you up

or let you fall in again

i thought i told you before

so please understand

nothing will in time

save you formt his place

you seek

if you pick up your phone please dont call on me

no one can save you from the underdog

no one can blame us for the past

just as you start to lose control everyhting ends up
alright

when you were sure that your 10th time was yourlast

(chorus)

yesterday i saw you falling to the ground

isnt life fucked up when no one is around

its not okay

(chorus
