I can't even think of words to match the way I'm feeling
I don't even think a book could say enough for you
I can only try my best, to put it in a song I guess
You try to speak, I know you tell the truth

If I could freeze our small amount of time together
Then we could make believe this world would never
end (make believe this world would never end)
Unfortunately truth is cold
So you stay young while I get old
But always know, I'm your best friend

Nothing is the same
Everything is a better change
Sometimes I see silence in your eyes
Let it all crash down
When it ends it begins with you
I'm gonna learn every time you do

And I'm as scared as anybody who has done this

I wouldn't give it up for nothing free
You took my life, turned it around
And put my feet back on the ground
I owe you, eternally

Nothing is the same
Everything is a better change
Sometimes I see silence in your eyes
Let it all crash down
When it ends it begins with you
I'm gonna learn every time you do

I'm always
I'm always
I'm always here

I'm always
I'm always
I'm always here

Nothing is the same

Everything is a better change
Sometimes I see silence in your eyes
Let it all crash down
When it ends it begins with you
I'm gonna learn every time you do
