It's been so long since you've been here, and I'm dying  
Is there something you would like to say?  
Just drop the present on the shelf, by the flowers  
And make the feeling go away  
Looking back I can't recall, who was listening  
When I used to walk the streets at night  
Like a bird that used to sing, I was flying  
I was happy all the time, and it's hard to look back

Better days and different ways I can't explain  
Another song to sing it all was simplified  
Don't know what it's about, what have I learned to live  
without?  
It takes a day to live a life  
I can't believe the way the world is so different  
Look what the lines in my face have made  
Living in my bed I'm right next to the road  
The one that goes the other way, takes me to a  
different place

Did you know, that I was just as young as you  
I had a job, a home, a family, and a car  
Did you say that yesterday or just right now?  
You'll never know the feeling of my bleeding heart  
Did you say that yesterday or just right now?  
You'll never know the feeling of my bleeding heart
