Hey baby, it's easy  
To believe in you and me  
The smiling, the laughing  
It's comin' so easily

It's a funny thing, this love thing  
It only falls into my arms  
When I'm not looking for it at all

Hey baby, you're doing  
All the things that make me  
Sing sing sing sing sing sing  
Untying these heartstrings  
That I've been triple knotting

I wanna take it slow and that's okay with you  
See I'm finished making the same old mistakes  
I won't let us fall

You put a smile  
You put a smile on my heart  
You put a smile  
You put a smile on my heart  
They're coming all undone  
My heartstrings

Hey darling, see these wings?  
They're not clipped anymore  
I'm singing and shaking off  
My silence with this voice

It's a funny thing, this love thing  
You're always on the  
Same page, same line, same letter  
We're gonna go far

You put a smile  
You put a smile on my heart  
You put a smile  
You put a smile on my heart  
They're coming all undone

My heartstrings

Gonna do this right  
With you by my side  
And if I fall I'm safe, I know  
Safe in your arms  
In your arms

Hey baby, it's easy to believe in you and me
