Modern lights in modern towns  
Modern guns for modern mums  
St. Malo to Camden via Valun  
Every inch of this world's away in bloom  
Modern roads for modern cars  
Modern money for modern Silent Nights  
Modern tramps on modern garden seats  
From Chicago to Heidelberg and Cadiz  
Â  
Bars and prison cells 'round Christmastime  
Bars and prison cells shine thru the night  
Bread and water sunrise  
Nevermore hellos  
Time is just a number on my wall  
Â  
Modern postcards, modern views  
Modern flowers, modern dew  
Analog questions digital answers  
But there's a world-size hunger in the belly of  
who's beyond  
Â  
Bars and prison cells 'round Christmastime  
Bars and prison cells shine thru the night  
Bread and water sunset  
Arrifana surfs  
Time is just a gift that I recall
