As I stand here and I give you my keys
There's only one thing that occurs to me
The day is late and the sun is low
And I don't know where I'll be in a year

I've come so far
And I've come too fast
And I started too late
Arrived too soon

Gone no where
Traveled too much
Seen nothing at all
Seen too much

The field is green, expands like the sea
They try to teach, but I'll never learn easily
Of all the places I might have gone
And soon I'll leave, please explain this to me

And now I stand here and remember the day
We were young and didn't ask to be
We searched tomorrow with our hearts already broken
I know you're somewhere, I know you're
somewhere too
