She two-steps by the stage
Thinks he's makin eyes at her
But it's just a little thing
he's learned to do
He sings a sad country song
where she finally says goodbye
and it's meant for lonely hearts
just like you

(Chorus)
It's such an unlikely way
in such an unlikely place
but time and time again
two hearts meet
She holds a little tighter to
Her cowboy with those eyes of blue
They dance beneath that silver ball
under the honky tonk moon
(End Chorus)

She takes a seat at the bar
He has another set to play
He's hopin that she hangs around
till he gets thru
When he finally gets a break
they talk awhile he buys her drink
she tells him that he's soundin great
and that's when he knew

(Chorus)
It's such an unlikely way
in such an unlikely place
but time and time again
two hearts meet
She holds a little tighter to
Her cowboy with those eyes of blue
They dance beneath that silver ball
under the honky tonk moon
(End Chorus)

Then they walk into the night
The country stars are smilin' bright

As they hold each other tight
under the honky tonk moon

Your country love is somewhere
under the honky tonk moon

Your country love is somewhere
under the honky tonk moon
