I Miss You Most
When I think of your smile
Memories of all the times
When we used to laugh
Now good times are gone
And sad times take their place
Looks like there here to stay
But good times, they never last

(Chorus)
And I Miss You Most
When I need a friend
When you're not there to share
My whole life with me
When I reach out for you
But find there's no one to hold
When I need your love that's when I Miss You Most
(End Chorus)

I Miss You Most
When the music softly plays
We used to dance so close
To sad country songs
Now I sit alone
Just an empty bottle near me
And when the music's slow
Now I just humm along

I Miss You Most
When the sun comes up each mornin
And shines it's hazy light
In my lonely room
Then I can see
The empty place beside me
Where once your body lay
So soft and warm

(Chorus)
And I Miss You Most
When I need a friend
When you're not there to share
My whole life with me

When I reach out for you
But find there's no one to hold
When I need your love that's when I Miss You Most
(End Chorus)

When I need your love that's when I Miss You Most

Girl I need your love and now I Miss You Most
