They wish they knew I want a girl like you
Well, girl gotta be from the hood, but you gotta know

Like beta hold the bricks, beta hold the clips
but when night time comes u gotta ??? hold da sh....
Now from the streets give me the heat
you gotta know what to do wit it,

Take the ??? off you guys never be like you did it
Real chick only let you hit it
Respectin by my clique stayin by her man
In public business unload get wild and thangs
She's real thats why i took her money and ice her up
If a chick gets outta line respectin me she gonna slice

If I give her some money she gonna know how to flip
