-Talk-

I bet you never imagined,
that one day,
you'd look around,
and I just wouldn't be there,
so I hear you're leaving,
please, don't go,
I wanna make it right,
(you know) 'cos tomorrow, is just not promised,
you never know what tomorrow holds

-Chorus-

You'll just never know,
You put it off 'til tomorrow,
Today make it last always....

-Verse1-

My pride, my destiny,
I found a peace of mind when you're next to me.
You change my darkest hour,
With the gleam from your eye.
Simply smiling or a wink,
Makes my life complete.
So what's the use in fuss 'n' fightin, when
If you ever leave me I would be so weak.
Oh baby please understand when I go to sleep at night
I wanna know that everything is alright,
you'll never know....

-Chorus-

You'll just never know,
You put it off 'til tomorrow
Today make it last forever,
Forever and always (2x)

-Verse2-

And I make it so that
Every time your 'round me,
You recreating sweet brand new memorys.
Can't let these silly changes aggravate the love in me,
Just for a moment you can concentrate on me.
Do slow dances in parking lots,

And do hugs and kisses in the restaurant.
Oh baby you can't let the sun go down before you let
me know,
You're lovin me cause you'll never... know

-Chorus-

You'll just never know,
You put it off 'til tomorrow
Today make it last forever,
Forever and always (2x)

-Brige-

Can't imagine one day without you,
Don't ever let it cross your mind what ever you do.
Nothing else really matters to me,
I'm gonna keep lovin you every minute.

(instrumental break)

-Chorus-

You'll just never know,
You put it off 'til tomorrow
Today make it last forever,
Forever and always (till end)
