You're spinning round and round and round in my head, head
Did you really mean the words that you said, said?

This is it I gotta know
Should I stay or should I go
Show me the truth
Is it gonna be me and you?
Is it gonna be me and you?
Is it gonna be me and you?

I know you gonna be mad
Feelings that you thought you had
Was for another guy
Well I'm that other guy
I'm just a shy kid

Camouflaged before your eyes
Then I knew my lyrics were the key to see the other side.
I should have told you but I never had the courage
And I thought you really wouldn't understand (no)
And now I'm up here just to let my feelings surface
Apologizing for disguising who I am

Tell me are you who I thought you were?
Or who I wanted you to be?
Did you do it all for him?
Or were you only playing me?

I did it for you
But I couldn't see it through

You're spinning round and round and round in my head, head
Did you really mean the words that you said, said?

This is it I gotta know
Should I stay or should I go
Show me the truth
Is it gonna be me and you?
Is it gonna be me and you?
Is it gonna be me and you?

You're all I ever wanted
But I got caught in the shadow in the background
But I'm back now
And Kris was all this and that
And my look didn't really fit the rap, it didn't match
He had the style and I had the swag
So I locked up my feelings in the words he said

Give me a hand and I'll take off my mask
If you give me a chance that's all I ask

What you expect me to do?
'Cause you were him and now you're you

Now it's just me
And you got me on my knees

You're spinning round and round and round in my head, head
Did you really mean the words that you said, said?

This is it I gotta know
Should I stay or should I go
Show me the truth
Is it gonna be me and you?
Is it gonna be me and you?

Why do I feel so deceived?
Guess I believed what I wanted to believe
It's perfect in my dreams
But nothing's really what it seems

You're spinning round and round and round in my head, head
Did you really mean the words that you said, said?

This is it I gotta know
Should I stay or should I go
Show me the truth
Is it gonna be me and you?
Is it gonna be me and you?
Is it gonna be me and you?
