OK, here we go

Gather all around
You don't want to miss this show oh
If you don't know its about to get serious
Ya Miss Roxy experience
My energy can make you delirious
Take a chance if you're curious
Follow my lead up outta your seat
We're about to P-A-R-T-Y

Y'all ain't seen nothing like this
Ultimate non-stop excitement
My pyro technique is about to blow your mind

Its curtain call the stage is set
Spotlights on you ain't seen nothing yet
The moment is something that you won't forget
Oh no you won't because...

I'm saying that I'm something you gotta see right now
It's the only place you wanna be right now
I'm gonna make some magic (uh oh-oh)
That's what I said
I can be anything like a chameleon
I'm one in a million
It's gonna be dramatic
Hey that's what I said that's what I said
That's what said that's what I said

OK, here we go

From the east to the west in your area
Everywhere I go I'm causing hysteria
Lets raise the roof so high we get aerial
I'm so fly y'all carry her

No breaks or intermission
I've got your full attention
This moment is something that you won't forget
Oh no you won't because

I'm saying that I'm something you gotta see right now
It's the only place you wanna be right now
I'm gonna make some magic (uh oh-oh)
That's what I said
I can be anything like a chameleon
I'm one in a million
It's gonna be dramatic
Hey that's what I said that's what I said
That's what I said that's what I said
That's what I said

See a party ain't a party without me the element
And anybody who anybody be yelling it
And when they can't scream they be spelling it
Then I be getting it hot there's no comparison

I don't mean to sound conceited or even arrogant
Is it the way that I sing or my appearances?
We be having them sing and girl got a mad flow
And now they're following my swag like a shadow

Oh so gather round gather round now
Cause I'm about to break it down, break it down now
There's too much room to be standing around
We ought to be shaking the building feet stamping the
ground, hey!

I'm saying that I'm something you see right now
It's the only place you wanna be right now
I'm gonna make some magic (uh oh-oh)
That's what I said
I can be anything like a chameleon
I'm one in a million
It's gonna be dramatic
Hey that's what I said that's what I said
Hey that's what I said that's what I said
