(Verse 1)

On a January  
The one before  
Thought you'd  
Figure it out now  
Configure out this love  
Is there a hole In my head  
Maybe your electronic heart  
Beating only to the rhythm  
Rhythm of your own drum

On a January  
The one before  
Cascading moment  
Flicker on a last flame  
Escalation, a void of the pain  
You ran, you roamed  
And never were the same (X2)

(Chorus)

I think you know that,  
That I have seen your face before  
I think they know that  
That I have seen your face before  
I think they know  
I know who knows

(Verse 2 )

On a January  
So long ago  
Thought they'd figure you out  
Yeah, Like I did before  
Is there a hole in my head  
I guess that's what they all believe  
Maybe there's been one in my heart  
A heart that never beats  
On a January, so long ago  
A different page, a different chapter  
A book I don't even know  
A story, yet so strangely familiar  
A tale that's left untold  
Am I still left holding all the answers

To a mystery I don't even know (X2)

(Chorus)

I think you know that,  
That I have seen your face before  
I think they know that  
That I have seen your face before  
I think they know  
I know who knows
