Diamond rings and new hairstyle
How are you? It's been a while
A new man down a brand new aisle
And I hate it

A new life at a brand new pace
A fancy car, and a fine new place
Your world's symmetrical like your face
And that's over rated

You got what you wanted
And I don't need it
You know where you're going
So, somehow
You're beautiful now

Designer clothes, new attitude
Designer nose, and high-heel shoes
Power, prestige, and subterfuge
And it's addictive

You lost twelve pounds of mostly skin
You're rolling high; you always win
Lost in your blanket of sin
Just like I predicted

I know where you're going
And I don't need it
It feels like you own the world somehow
You're beautiful now

Over-dressed, re-dressed, no dress, undressed
Blue jeans, one ring, confessed
No make up, wake up breaking up inside
Don't lie; I've seen you cry
'cause you lost your car in a parking lot
You didn't know where to begin
The worst part of this story
You were beautiful then

You're beautiful now
You're beautiful now

You're beautiful now
