You wake up this morning; rain is falling
You don't know why he didn't say goodbye
Your phone keeps ringing, but it's not him calling
you
You wonder if he's satisfied
Got a feeling he won't come around again. Oh, no
And you still don't know why

You don't know, but it really doesn't matter
~Cause even though I know, I don't feel any better
I tried to tell you- I tried to tell you, now
Tell me do you hear the rain falling on your window
Let it come down and wash away your sorrow
~Cause I'm not the one- no- I'm not the one to
say
To say I told you so

It's late in the evening; rain's still falling
You're still waiting on his call
Your heart is sinking, skin is crawling
You know your world's about to fall on down
You know inside it's no use waiting anymore. Oh,
no
And you still don't know why

You don't know, but it really doesn't matter
~Cause even though I know, I don't feel any better
I tried to tell you- I tried to tell you, now
Tell me do you hear the rain falling on your window
Let it come down and wash away your sorrow
~Cause I'm not the one- no- I'm not the one to
say
To say I told you so

But you wouldn't listen to me
It's not like we were best friends or anything
Along those lines
Like you had a reason to follow my advice
But you just followed your own rules
And ended up a fool
But I won't tell you to your pretty face
It's not my place

Oh, yeah, yeah, no, no, no

Won't tell you no won't tell you
It won't do no good for anyone
Won't say it I won't say it
It won't change a thing of what he's done
Oh no no no
