Today you're gone,
Today you left me
You left me for heaven
I'm on my knees
Crying and begging
Please let me be dreaming
Please let me be dreaming

Young beautiful boy
Making his way up to the golden doors
Time will not erase all the tears streaming down our
faces for you
We'll miss you baby boy

Remembering the way your smile made my world
alright
The sudden loss of what has made my life worth living
Has left me so broken

Young beautiful boy
Making his way up to the golden doors
Time will not erase all the tears streaming down our
faces for you
We'll miss you baby boy
We'll miss you baby boy

You were the one who gave me life,
A reason to wake up and try
So why did you have to die

You the one who gave me wings,
A reason to wake up the day and sing
The song of your life

We'll miss you baby boy
We'll miss you baby boy

Young beautiful boy
Making his way up to the golden doors
Time will not erase all the tears streaming down our
faces for you
We'll miss you baby boy

Weâ€™™ Il miss you baby boy
Weâ€™™ Il miss you baby boy
