(Verse)

Future is waiting, it's always pulling me
And present's worth saving but the past is hunting me

(Chorus)

I wanna live out of time but I know it could run out
It could run out on me
I wanna love out of time, wanna turn it around
Before it comes down on me
If I don't wait and rewind it
Stop it tonight
I wanna live in a light but I know that I'm falling
I'm falling in and out of time

(Verse)

Don't you confuse me, you on everyday
Patience please hear me, come take me away

(Chorus)

I wanna live out of time but I know it could run out
It could run out on me
I wanna love out of time, wanna turn it around
Before it comes down on me
If I don't wait and rewind it
Stop it tonight
I wanna live in a light but I know that I'm falling
I'm falling in and out of time

(Bridge)

Time heals the fallen
I hear the calling
Clock strikes the hour
Don't run, don't get
Time heals the fallen
I hear the calling

(Chorus)

I wanna live out of time but I know it could run out
It could run out on me
I wanna love out of time, wanna turn it around
Before it comes down on me
If I don't wait and rewind it

Stop it tonight
I wanna live in a light but I know that Iâ€™m falling
Iâ€™m falling in and out of time
