(Verse)

I told myself that I can do better
Some day Iâ€™m gonna get it all together
Who am I foolinâ€™
I am weak and prone to be
The me that I will always be
So whatâ€™s left to do but surrender

(Chorus)

This is where I am
This is where you start
And everything I needed
Is everything you are
Love has come for me
Love has come for me

(Verse)

Iâ€™ve never understood but itâ€™s amazing
The way you never let the past enslave me
How do you do it?
Love the heart the part of me
That desperately needs a remedy
I wanna be a life you keep changing

(Chorus)

This is where I am
This is where you start
And everything I needed
Is everything you are
Love has come for me
Love has come for me

(Bridge)

And Iâ€™ll go where you want me to be
And even though I may be broken
I can see your love has come for me

Iâ€™m never gonna get it all together
So whatâ€™s left to do but surrender

(Chorus)

This is where I am

This is where you start
And everything I needed
Is everything you are
Love has come for me
Love has come for me
