They built you a cage of diamonds and gold
Most beautiful place for you to grow old
They brought you the moon and showed you the light
And all that you wanted was freedom to fight

It's heavy but you are not the only one who's tired of
giving
Afraid of the oblivion
Could it be that your curse is a bliss
But the crown on your head never felt this heavy

Harness your ache
Take a leap of faith
To claim back your soul
Before it's too late
Show them no fear
Sing them goodbye
Leave all that you have
And you're free to fly

It's heavy but you are not the only one who's tired of
giving
Afraid of the oblivion
Could it be that your curse is a bliss
But the weight of the world never felt this heavy

Take the evident
Leap of faith
Don't you be afraid

It's heavy but you are not the only one
Who's tired of giving
Afraid of the oblivion
Could it be that your curse is a bliss
But the cross that you bare never felt this heavy

Oh you are not the only one tired of living
Afraid of the oblivion
Cos the crown on your head
The smile that you wear
The cross that you bare

Never felt this heavy

You are not the only one

The crown on your head never felt this heavy
