Verse 1

I can see that you're wanting more
Leave your past at the door
Come on now it's a brand new day
Come on down enjoy your stay

Verse 2

Maybe it's alright to see
That the world is not what you'd thought it'd be
You know that you want so much more
We want to give it
We want you to know - Join our ride

Verse 3

It's been a god dam long time coming
And you won't see, see me running
Don't let them in
Just come inside
You're going to come with us
Come join our ride

Chorus 1

Because you get what you want when you stay
Join our ride
It's all right here, it's all right now
Join our ride

Bridge

There's something you should know
It's the feeling you get
When the sun is shining on me and you
It's something they don't get, but we do

Chorus 2

Because you get what you want when you stay
Join our ride
Fuck tomorrow, it's all right now
Join our ride

Outro

Feel something say nothing
It's all in your hands

A feeling you get when you know it ain't not over
It's not over, come on
Join Our Ride
