Verse 1

It's always down we fall
So many people too many stars
And when we all find that we're all the same
Then will you know
There's something more

Chorus 1

Stand up and see
We're only just a second
Then I'll leave
It's all in you
That I know
We're only just a second
We're only just a second
My conscience me...

Verse 2

How far will we fall
When we can't breathe will you know
I'll just come out and say it
And it's come to me and I'll say it
I don't think we know
There's something wrong yet

Chorus 2

Stand up and see
We're only just a second
Then I'll leave
It's all in you
That I know
We're only just a second
We're only just a second
My conscience

Bridge

How many people are dying
Who don't have a name to call their own
You say you care
But will you, will you be the one
To make it right

Chorus 3
Stand up and see
Weâ€™re only just a second
Then Iâ€™ll leave
Itâ€™s all in you
That I know
Weâ€™re only just a second
Weâ€™re Only just a second
My conscience me

My conscience me
My conscience me
Weâ€™re only just a second
Itâ€™s Only just a second
Till we leave
