Were you sorry I was gone
I made a sacrifice of all that was nice
Now I haven't got the one I want
But can't you see, can't you see it wasn't me
I never knew what I was going to do
Or what it'd do to you

[Chorus]

Well now I know that I wanted you to be with me
But I was stupid, I was foolish, I was young and didn't
know what I was doing to you
You started crying, I broke down, I thought you didn't
care but now I want you again
I don't know why I left, but I know I'm alone

What I see, what I know over there, why'd you go? I
don't want to know
You're talking to someone who's not me and I don't like
it cause I don't have to
You moved on so quickly, you didn't seem to cry, when
I saw you going by

[Chorus]

You didn't give me a second chance everyone needs
one
To see what we did wrong, I can't learn from us when
I'm gone
But I don't know what I'm going to do
But I'll figure it out and I'll do it with you

[Chorus]
