Verse 1

I thought a lot of things today
And I think about all what's yesterday
How you came into my life now I
Would like to thank you o so many ways

Verse 2

When I thought of your face today
I thought about all the things you'd say
About life and where we go with it
And how to live day to day
But we know I can't stay

Pre Chorus

Cuz time won't be on our side

Chorus 1

Take me when I'm young and life's easy
We never know exactly where we'll be
And if tomorrow comes and it's all gone
Well I'd say I was lucky Man
Well I'd say

Verse

When I think of where I am today
Then I think about a year ago I say
We know that we all grow and change
It's hard to see it day to day

I feel there's nothing going on here
So I'll try to take the other way
See if it's clear
U came and went
And nothings going to be the same
It's just not the same
Cuz time wont be on our side

Chorus

Take me when I'm young and life's easy
We never know exactly where we'll be
And if tomorrow comes and it's all gone
Well I'd say I was lucky Man

But then I'd say
Time wont be on our side

Bridge
You came into my life and I
I'd really like to stay
You came into you life now I
I'd really like to say

Chorus
Take me when I'm young and life's easy
We never know exactly where we'll be
And if tomorrow comes and it's all gone
Well I'd say I was lucky Man
I was lucky but then I'd say...
Take me when I'm young and lifes easy
Take me then!
