### Verse 1

I don't know why we're living this way  
It seems so wrong so I just have to say  
That I will come for you.  
and i don't know what i'm supposed to do  
i've spent all my time getting over you  
Now I will come for you

### Chorus

When the rain starts falling down and you feel  
there's no one there,  
that's the time you should know, that you'll  
never be alone.

### Verse 2

I don't know what we're going to do,  
but i'll spend this life getting old with you,  
and that's why I, I will come for you

### Chorus

So when the rain starts falling down and you feel  
there's no one there,  
that's the time you should know, that you'll  
never be alone.

### Bridge

I know life can seem harder at times  
Which way is right if there are no signs  
We could be less, but we should be much more  
And i'll always be right here, you should know!

### Chorus

When the tears start falling down and you feel like  
there's no one there  
That's the time you should know, that you'll  
never be alone  
That's the time when you will know, that you'll  
never be alone, alone, alone, alone.
