"Turn Around"

Visit "[Turn Around](#)" on MotoLyrics.com

Come onÂ...yeah!
LetÂ's go!

Put your hands up
Now turn around
Pump up the volume
And move your body up and down
Move to the left
Move to the right
Just feel the rhythm
And move your body tonight

Put your hands up
Now move it down
Hands on your head
Baby, and now turn around
Move to the left
Move to the right
Just feel the rhythm
Baby, dance all the night

UhÂ...Comis!

Make me move
Sing this tune
Bring me to the moon
Dance with me
Into the sea
Turn around and set me free

Shake shake the body slow
Don't don't don't lose control
Shake the hands, move the crowd
All the people turn around
We are going to the sea
You come along with me
Free your mind, Baby come on
All my people say "Let's Go!"

Let's Go!

Put your hands up
Now turn around
Pump up the volume
And move your body up and down
Move to the left
Move to the right
Just feel the rhythm
And move your body tonight

Put your hands up
Now move it down
Hands on your head
Baby, and now turn around
Move to the left
Move to the right
Just feel the rhythm
Baby, dance all the night

Shake shake the body slow
Don't don't don't lose control
Shake the hands, move the crowd
All the people turn around
We are going to the sea
You come along with me
Free your mind, Baby come on
All my people say "Let's Go!"

Put your hands up
Now turn around
Pump up the volume
And move your body up and down
Move to the left
Move to the right
Just feel the rhythm
And move your body tonight

Let's Go!
