Gimme Twice - The Concept

I got it all worked out let settle now  
but then you poke around for a better plan  
It's not an easy street give it, give it all tonight  
I'm such a mess right now, such a mess right now  
You better show me how I'm not the simple kind  
Its not an easy street give it give it all alright  
You go OH, s-s-say it come and say it out loud  
So they all can hear  
I'm the one, I'm the one  
I'm the one, I'm the one for you  
Sh-sh-shake it while your at it now, like you mean it now  
Gimme once gimme twice alright  
I said to live this life, said to live this life  
It takes a hell lot time making peace at night  
It's not an easy street I shouldn't even bother now  
I want less in life simply stroke some town  
You better sip through all your fancy wine  
And come alive once more  
Oh but this time i decide  
You go Oh s-s-say it come and say it out loud  
So they all can hear  
I'm the one, I'm the one  
I'm the one, I'm the one for you  
Sh-sh-shake it while your at it now, like you mean it now  
Gimme once gimme twice tonight  
I just wanna lay down come on lay down  
I'll just go down baby stay high  
I just wanna go down so wont you lay down now  
It's time to go but i love you so GET OUT!  
OH s-s-say it come and say it out loud  
So they all can hear  
I'm the one, I'm the one  
I'm the one, I'm the one for you  
S-s-say it come and say it out loud  
So they all can hear  
I'm the one, I'm the one, I'm the one,  
I'm the one for you  
Sh-sh-shake it while your at it now, like you mean it now  
gimme once gimme twice tonight.
