Rap 1:

Yo fallin' out like from tha sky,
This beauty's mine
Sent down from tha Heavens,
My morn's bright.
I couldn't let go of these dainty hands,
Nâ I would get home; forever on time
Now we layin' plans, holdin' hands
You was meant to be mine, forever my friend!
In tha highs and lows, I got you gurl
Down with fever or cold, I be stuck at home
See, tha day is new, I am still with you
If it was a short-term thang, you'd be left with no
clue
See this heart is pure, renewed and all
Everything I told you was approved by tha Lord.
Now tha changers, we tha changers
Toss a coin, flip it twice, we are up like tha rangers.
New notice in, um make it relevant
Veils unveiled hold yo hand baby walk in with me

Chorus

I keep; callin', cuz um
Fallin' in love with you S.I.U/O.T.W

â€¦So I keep fallinâ€™ â€¦Xâ€¦S.I.U/S.L

Rap 2:

Ah, yeah ,ah yeah
I kick back reflectin how my life would be
Whether they would storms or monsters in seas
My ship;â€™ d be sailin or stuck in-between? Or be
sailin right past [back] to shores in tha breeze
I see a rainbow up in tha sky, I see seven colors like tha
days in a week
A full glow, a place to call home, [a] perfect ghetto
house where souls knew God.
New remedy, [a] whole new rhyme, [a] whole new
picture with us two insideâ€¦.
Frames closed, ainâ€™ t no others---coming in so they
ainâ€™ t need to bo-â€™her
I founâ€™ it that reason to breathe
The one that keeps me goinâ€™ and laugh in tha sleep
The nightmares are all yet gone,
The grievous old me now Sings new Songs
New melody, whole new grind
If there was an era then thisâ€™ d be mine
Bridge-chorus till fade

My heart,is happy!
Being here, with youâ€¦X2

So I keep fallinâ€™ â€¦Xâ€¦

Chorus

I keep; callinâ€™ , cuz um
Fallinâ€™ in love with you

â€¦So I keep fallinâ€™ â€¦Xâ€¦
