Iâ€™ LL SING OF HIS PRAISE

When itâ€™ s hot or when itâ€™ s cold  
Jesus still has got it all  
So praise Him, praise Him, praise Him all  
Praise Jesus o my soul

Praise Himâ€¦.Him now  
Do not forgetâ€¦what He has done  
My heartâ€¦.still believes  
In Him, The prince of peace X2

Rap one:

With each passing day & love like this  
Though many ways but stuck on this  
Road! Still with stripes like clean  
By his stripes indeed am healed  
So- I hold up my banner,  
Proclaim of name thatâ€™ s so much higher  
Like the sun, that much brighter  
Name of a class thatâ€™ s so much better  
You know, I been haunted many times  
Haunted for the fact that I sing of Him in rhymes  
Combated through the nights.  
But His calling was way too divine.  
Where, the light I see. Have seen heaps but none like  
this  
Love, so a divine. Cradle of an eagle, my God is a bliss  
With the love that I feel, the things that I see, I will live  
to sing  
Cummon

Chorus X1

Praise Himâ€¦.Him now  
Do not forgetâ€¦what He has done  
My heartâ€¦.still believes  
In Him, The prince of peace

Rap Two:

With each passing day- life gains sense  
Stars shine brighter;- my loadâ€™ s put to rest  
And the foes; they better be believing

Divineâ€™s yet on so we all gonna be trizzing  
To the melody- that rings bells,  
One that goes clinging- and sings best  
And; youâ€™ll be blessed. Knowing thereâ€™s a  
future youâ€™ll be changed  
Me, Iâ€™ve had many views, had different choices in  
ones & twos  
Where the world came first. Mistakes were common & I  
came last  
Itâ€™s a free world cousin, watch out brother soon  
youâ€™ll be frying  
It was all a mistake, make time count. Render Him  
praise.  
Now, with a whole new flow, whole new play, and a  
fresh new show  
Cummon it aint time to waste lets say grace  
And render Him praise.  
Div!

Chorus Till Fade  
Praise Him! Him now  
Do not forget! what He has done  
My heart! still believes  
In Him, The prince of peace
