Chorus: 1

Holy! Holy! Holy Lord!

Guide me! Guide me! Guide me Lord!

I wanna be Your instrument of peace dear Lord

To the end, to the very end of my walk

Verse: 1

God I know that, that I been wrong

Cuz everythin' I did was sin and sin was me

Everythin' that came outta me was nottin' but sin

And each time I wanted something I went to steal

Man! It is real hell is real

Don't wanna lose my soul, wanna live and chill

This tobacco and these cigars,

These wine cellars Lord, I wanna live and rhyme

But I cant, I am stranded behind

Caught up in my delusions, I am falling apart

The day is bright, the song resounds

Come show me light God, I wanna live and shout

Chorus X1

Verse: 2

God it is true Your love is everlasting,

Good that I can't explain it

Used to see it in others but now I love and live it

No matter where I go or how far, I'm always near it

Cuz it got me all wrapped up deep within it

What am I gonna tell my friends, I can't explain it

That I got one best friend, that is worth it!

Man You got me singin' dear Lord and got me  
dancin'

And all I wanna do right now is give You praises

The days are acute, moments, constantly drifting

Wanna hold you close tho' the world denies it

This the vision that the young shalt live

Come use me Lord, this indeed my plea

Bridge:

I wanna know You more to the end of my walk

Serve You more so the whole world knows

Love You more to the end of my walk

Ooh, ooh, ooh, ooh

Concluding Chorus: Guys

Holy! Holy! Holy Lord!

Use me! Use me! Use Me Lord!

I wanna be Your instrument of peace dear Lord

To the end, to the very end of my walk
