Do run, do run, do run do run
See how bright you are
Do run, do run, do run, do run
See how bright you are

Gave it a lot of time so far
It's the best that we could do
Best that we could do

Do run, do run, do run, do run
See how bright you are
Do run, do run, do run, do run
See how nice you are

Gave it a lot of time so far
It's the best that we could do
Best that we could do

So do run, do run, do run, do run
See how bright you are
Do run, do run, do run, do run
See how bright you are

Gave it a lot of time so far
It's the best that we could do
The best that we could do
