Lying in my bed  
I hear the clock ticking and think of you  
Caught up in circles  
Confusion is nothing new

Flash back, warm nights  
Almost left behind  
Suitcase of memories  
Time after some times you pictured me

I'm walking too far ahead, you're calling to me  
I can't hear what you've said  
Then you said, go slow, I fall behind  
The second hand unwinds

If you're lost you can look  
And you will find me, time after time  
If you fall I will catch you  
I'll be waiting, time after time

If you're lost you can look  
And you will find me, time after time  
If you fall I will catch you  
I'll be waiting, time after time

If you're lost you can look  
And you will find me, time after time  
If you fall I will catch you  
I'll be waiting, time after time

Secrets stolen from deep inside  
The drum beats out of time

If you're lost you can look  
And you will find me, time after time  
If you fall I will catch you  
I'll be waiting, time after time

If you're lost you can look  
And you will find me, time after time  
If you fall I will catch you  
I'll be waiting, time after time

Time after time
