Verse 1:

LA city you can be so beautiful
All your streets filled with dreams and spectacle
Pretty city I must leave when autumn falls
The weather changes elsewhere, I must feel it all, so I
can go

PreChorus 1:

OOoooOOOhh, ooooh, oooooooh

Verse 2:

Found a love in Washington who comforts me
I made time to live his way in country peace
Then LA City called me back to chase my dreams
So I left my lover for the truth that waits for me

My love goes

PreChorus 1:

OOoooOOOhh, ooooh, oooooooh

Chorus 1:

From city to city to city to city to city
It all is the same
We are made for each other
From city to city to city to city to city
From city to city to city to city to city
It all is the same

Verse 4

LA city glows ambition night and day
There's a thirst for fame that I cannot relate
But people from all cities crave the art we make
So I stay and sing my songs about my heart that aches

My heart goes

Oooh Oohh

â€”Outro:

From city to city to city to city to city
It all is the same
We are made for each other

From city to city to city to city to city
From city to city to city to city to city
It all is the same

Woah, woah, woah woah

From city to city to city to city to city
From city to city to city to city to city
It all is the same
