We are the hunted
We are the dreamers
One of the crowd
Together we're louder

Yes it may be true
If you're only you
You could be targeted for
All the bold things you do

Cuz once we say
What we really mean
We are inconvenient
To the current scene

We are the hunted
We are the dreamers
One of the crowd
Together we're louder

Underneath the sidewalk
Live outcasts and outlaws
Doin their time underground
Tryin not to be found
But time has made her move
No longer can they prove
That what we do
Ain't good for the city view

So out we come the unwanted ones
Search for the sun it shines
For everyone
We must say what we like,
We must sing through the night
Let them know until daylight

We are the hunted
We are the dreamers
One of the crowd
Together we're louder

We must say what we like
We must sing through the night
Let them know until daylight
