Another day given
Another day I'm living
Another day where I can't figure what I am missing
The ball is in my court
I'm pacing back and fourth
I thought I loved the game and simply did it for the
sport
I think about the money, I think about the fame
When you broke as I am, then you wouldn't blame
My anger building up
And keeps on filling up
Until it overflows and shows and I can't seal it up
Drink another beer, until the pictures clear
Driving on this road to fame, don't know what way
to steer
People try to tell me, I never wanna hear
Most of them are snakes hissing in my ear
They think I'm so dumb, just cus im so young
But it shouldn't make a difference what year I come
from
I know I'm still a teen, and yeah I'm still a
kid
I feel like something missing
I just don't know know what it is

Empty (empty), spaces (spaces), fill me up with holes,
Distant (distant), faces, with no place left to go,
Without you (without you) within me (within me),
I can't find a way,
Where I'm (where I'm), going (going),
Is anybody's guess

Another day passed
It ended so fast
Another day wasted that I can't get back
Why am I wasting time
Spitting all these rhymes
I think about it everytime I jot every single line
I've been through so much shit, I've been
through hell
But you could never tell, cus I learned to hide it well
This is the life I live, that's just the way it is

So many things ive done that I wish I never did
Im tryna be the best, but that just causes stress
I should just drop the pen, and not finish the test
I know it isnâ€™t right, I know it so wrong
But what can I do when its been like this for so long
Donâ€™t try to understand, because you never will
Erase all of the fake and this is how I really feel
You think this is a lie, well look me in the eyes
And you can see just how incomplete I feel inside
Empty (empty), spaces (spaces), fill me up with holes,
Distant (distant), faces, with no place left to go,
Without you (without you) within me (within me),
I canâ€™t find a way,
Where Iâ€™m (where Iâ€™m), going (going),
Is anybodies guess

Take a look at me, and see through all the pride,
Youâ€™ll find all the pain and all the fear inside,
Even with all my fans, Iâ€™ve never felt more alone,
But donâ€™t you save me cause I just wanna be on my
own,
Echoes in my head,
Looking back into the times
when i could wake from this nightmare,
And now my eyes are locked shut and
I canâ€™t find my way home,
I know iâ€™ve made my mistakes
Iâ€™m only human weâ€™re all the same,
Thingâ€™s Iâ€™ll pay for,
for the rest of my life but who are you to blame?
I canâ€™t (canâ€™t) take (take) the weight of the
world (world) on (on) on my shoulders,
Thereâ€™s something missing from me,
I must be incomplete.

I tried to go on like i never knew you
i'm awake but my world is half asleep
I pray for this heart to be unbroken
but without you all i'm going to be is
incomplete
woah (X13)

Empty (empty), spaces (spaces), fill me up with holes,
Distant (distant), faces, with no place left to go,
Without you (without you) within me (within me),
I canâ€™t find a way,
Where Iâ€™m (where Iâ€™m), going (going),
Is anybodies guess.
