I know what you're thinking  
Or at least I think I do  
What's on my mind isn't half of what on your's  
And I turn, see you quaking  
And I'm wrapped in your old man coat  
Like a present or a broken in leather shoe  
And buried in that warmness I can't even remember my  
Fears  
Is it obvious to you yet that you hold me up?  
Is it obvious to you yet that you keep me up?  
Do you know, do you know that you hold me up?  
And the planet is safe for now  
And my planet is safe for now  
Space invaders is getting closer  
And my space ships not sure how to fight them, to fight  
Them without you  
To fight them, to fight them without you  
Can't fight them without you, without you, without you  
I'm sorry if it's scary for me to depend on you  
I don't mean to be a burden at all  
I decided in this silence that I can't do this alone  
I need safety and hope that you're not pissed off  
And I'm selfish and I know it  
To ask this of you at a time when your life's so upside  
Down  
Now at a time when your life's already mess up as it is  
At a time when your life's so up side down  
The planet is safe for now  
Well my planet is fine for now  
Space invaders is getting closer and I'm really not  
Sure how to fight them,  
To fight them without you  
And they're coming so close now  
And they're getting so close now  
Invaders right on top of me and my space ships don't  
Know how to fight them,  
To fight them without you  
I need you now, I need you now, I need you now  
Don't leave me now, don't leave me now, don't leave  
me  
Now, don't leave me now

Can't fight them, can't fight them, can't fight them,  
Won't fight them,  
Can't fight them without you  
And I guess you are like a clown fish in a sea of  
Animals  
Yeah that's a sweeping metaphor
