I've been watching you from here  
Hoping that you'll overhear  
My heart, it beats loud and clear  
It's all, it's all for you  
Anything I try and be  
You can't help but oversee  
Why can't you believe in me  
You're blind, you're blind off of me

Pre Chorus:

You know I want you  
Been trying every  
Way that I could do  
Trying my best to prove  
That I'm good for you  
But as I face the truth  
No it will never be you

Chorus:

I've been trying, trying, trying to be strong  
But I, I, I was so wrong  
Lying, lying to myself is all I do  
Cause you've been doing this to me for so long

I came marching in this war  
Cause fighting makes me want you more  
Please don't go and prove me wrong  
Girl can't you see that I love you

Pre Chorus:

You know I want you  
Been trying every  
Way that I could do  
Trying my best to prove  
That I'm good for you  
But as I face the truth  
No it will never be you

2 x Chorus:

I've been trying, trying, trying to be strong  
But I, I, I was so wrong  
Lying, lying to myself is all I do

Cause you've been doing this to me for so long

AnthMelo verse:

"Well I been trying, tryin,  
You keep denying, denying,  
Somebody hit the sirens, sirens,  
Feels like I'm dying, dying,  
And it's only gonna take you to save me,  
I haven't really believed in myself lately,  
And I know your friends say he too crazy,  
But can't you see,  
That's how you made me  
Trying to be strong,  
Trying to keep on,  
I don't even know what I'm doing wrong,  
But I know that there aint no man  
Who's gonna love you like I can,  
So when you feel lost with your navigation,  
Any problem that together we facing,  
Me plus you perfect equation,  
Until then baby I'm here waiting

[2 x Chorus:]
