"Vegas Girl"

That there, let me break it off
All the pressure that you got, let me take it off
I swear, we're gonna make it hot
Put your hands in the air, don't stop
Iâ€™ll knock you down like youâ€™re Keri
Forget your name like Rihanna
You can run the world, Queen B
Be unthinkable, Alicia
We can go so far if she let go
And I ainâ€™t gonna leave without her
[Chorus:]
This is for the girl that get down low
The whole club wanna see you go
Ey, shake, shake like youâ€™re famous, girl
Head back, lay it down like a vegas girl
Bass coming down so hard
That little dress breaking every heart
Ey, shake, shake like youâ€™re famous, girl
Head back, lay it down like a vegas girl
Like a vegas girl
Roll the dice, Iâ€™ve got your number
Hit the jackpot underneath the cover
Intoxicated, youâ€™re like a drug, girl
Grab a glass, girl rain tequila
Iâ€™ll knock you down like youâ€™re Keri
Forget your name like Rihanna
You can run the world, Queen B
Be unthinkable, Alicia
We can go so far if she let go
And I ainâ€™t gonna leave without her
[Chorus:]
This is for the girl that get down low
The whole club wanna see you go
Ey, shake, shake like youâ€™re famous, girl
Head back, lay it down like a vegas girl
Bass coming out so hard
That little dress breaking every heart
Ey, shake, shake like youâ€™re famous, girl
Head back, lay it down like a vegas girl
Like a vegas girl
It feels so right every night
Like youâ€™re in vegas, girl

(Like a vegas girl) in vegas, girl x4
[Chorus:]
This is for the girl that get down low
The whole club wanna see you go
Ey, shake, shake like you're famous, girl
Head back, lay it down like a vegas girl
Bass coming down so hard
That little dress breaking every heart
Ey, shake, shake like you're famous, girl
Head back, lay it down like a vegas girl
