Never seize to be amazed by new technology. there's  
where i truly feel at home in all hypocrisy. I have been  
trying to find a place where my toughest issues can  
rest. Now i find a questioning lifestyle to be the best.

Let's confess we've never been blessed. The acts from  
our history is now our burden to bear.

Revise, revise and renew.

Never stop until we've found the best for both me and  
you

I want you to take us back to where we started from. we  
need to trust to carry on.

Never seize to be amazed by new technology. there's  
where i truly feel at home in all hypocrisy. I have been  
trying to find a place where my toughest issues can  
rest. Now i find a questioning lifestyle to be the best.

it doesn't matter what we've done before. What will  
define our generation is what we've struggled for.

Determination is digging their grave. I am the joker in  
the game they play.

to hear is not to listen  
to watch is not to see  
to die is not to care for  
to know is not to feel

what they believe in and focus on is fine with me. I have  
as much respect for them as they should have for me.  
In this divided world that is how it has to be.  
Nevertheless i'm always affected by their bigotry.

Never seize to be amazed by new technology. there's  
where i truly feel at home in all hypocrisy. I have been  
tying to find a place where my toughest issues can  
rest. Now i find a questioning lifestyle to be the very  
best.

Determination is digging their grave.

I will not lie, I must be honest, it will take some time. But  
i'm still confident. what's important is our goal and  
what we leave behind.
