Put your faces on
Get on with trouble, lies and wrongs
I'm your opaque facade,
And I will be there
Be there for no one
No one
But me

It's a never-ending song, do what you are told
The deeper you get, the more you'll fight to belong

You need to be brave to carry on,
And strive for the best
The best in you and me

You strive for somewhere to hide,
But given no chance to survive
You strive for somewhere to hide,
But given
Given no chance to survive

Is what you do worth living for
When all you cause is loss and decay
Is what you do worth dying for
When you realize nothing will stay the same

Put your best smile on, it's time to shine or be gone
You bare a heavy cloak,
It's a never ending song
Put your best smile on, it's time to shine or be gone
You bare a heavy cloak,
It's a never ending song

Put your faces on
Get on with trouble, lies and wrongs
I'm your opaque facade
And I will be there
Be there for no one
No one
But me
